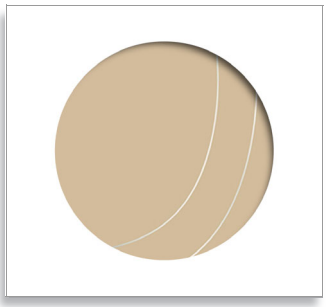
soup/porridge, steam, grill, hotpot, milk, fry, stir fry. Ex. Continuous high power heating designed for Chinese style stir-frying

Champagne-colored glass panel

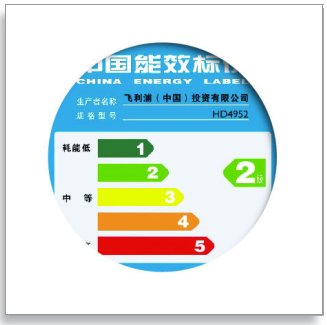


Champagne-colored full glass panel is not only fashionable but also easy to clean

Child lock

You can lock the control panel by pressing down on the 'Child lock' button for three seconds. This automatically locks the operation panel, ensuring there is no misuse from children during the cooking procedure. Press the 'Child lock' button for another 3 seconds to unlock it.

EES level II

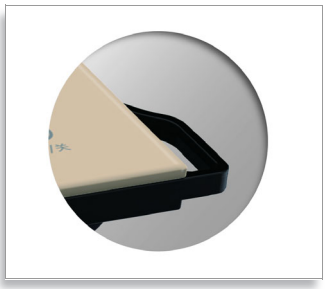


EES level II, achieving 88% heating efficiency

Extra power switch

Extra power switch to ensure safety

Ladle holder and cord storage

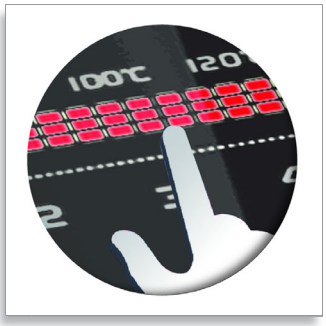


Ladle holder and cord storage design to increase ease of use

Preset timer

24 hours preset timer for soup/ porridge, steam and milk. 2-hour cooking time settings for soup/porridge, steam, grill, hotpot, fry and stir fry

Easy-to-control sensor touch



The control system uses an innovative, high-tech sensor touch feature. This avoids mechanic damage to buttons that can occur with traditional push-button operation. It is waterproof and easy to clean, and stays touch-sensitive and precise. Sliding sensor touch brings ultimate convenience
